PROFILE

Front-End Engineer with a passion for crafting immersive and intuitive user experiences. Proficient in cutting-edge web technologies such as HTML5, CSS3, and JavaScript, with expertise in popular frameworks like React and Angular. Adept at translating design concepts into polished, responsive, and high-performance user interfaces. Strong collaborator with cross-functional teams, bringing a creative and detail-oriented approach to front-end development.

WORK EXPERIENCE

Intern - Front-End Engineer

CairoVision Pvt. Ltd., Bengaluru, Karnataka(560050)   July 2023 - Aug 2023

- Front-End Developer intern adept in HTML, CSS and JavaScript. Collaborated on web projects, optimized UI/UX, and embraced evolving industry trends.

Projects

Crypto X

- Leveraging JavaScript and API integration, I spearheaded the development of Crypto X, a dynamic platform providing comprehensive insights into the world of cryptocurrency. Utilizing real-time data fetched through APIs, Crypto X empowers users to analyze crypto currency trends, view detailed charts, and stay informed about market fluctuations.
